# Bed Strips

## Bed Strip

TRUCKS USA's bed strips are made here in the USA in our shop and are punched to the original factory patterns, in polished stainless steel and paintable plain steel. Bed strips are available unpunched and unpunched upon request.

Hidden bolt bed strips are available. These strips attach to your truck with t-bolts and have no exposed bolts for that smooth look. Hardware is included with each set. Our hardware is 100% stainless steel.

We offer a bed to frame and side bolt kit to finish your install. Use the HB suffix on the part number for hidden bolt strips.

We make bed strips to custom patterns. Call or email with your measurements.

# Bolt Kits

## Bed Bolt Kit

TRUCKS USA Bed bolt kits duplicate the factory replacement hardware. The kit will install your bed strips, bed wood and angle strips. The bed to frame bolts needed to mount your bed to the chassis are included with offset or cup washers. Bed bolt kits are available in polished stainless, stainless or zinc. With our stainless kits all nuts and washers are stainless. Zinc hardware is used only on zinc bolt kits.

See our complete bed bolt kits to assemble the bed and install your bed wood.

Bolts are available for sale in bulk quantities in Polished stainless, stainless steel and zinc. Call us with your needs for pricing.

## Bed To Frame Bolts

TRUCKS USA Bed to frame bolt kits are used to bolt your truck bed to the chassis. These kits include all the correct washers and hardware needed and are available in polished stainless, stainless and zinc. Bed to frame bolts are included in our bed bolt kits. If you have ordered a bed bolt kit you do not need an additional bed to frame kit.

Bolts are available for sale in bulk quantities in Polished stainless, stainless steel and zinc. Call us with your needs for pricing.

1P-2800	1970-73	GM		Polished Hex Head Stainless	Camaro Body Bolt Kit	\$282.00

# Bed Wood

## Bed Wood

Your bed floor is the largest flat surface on your truck. If your truck is going to look good, the bed wood has to be high quality. To meet both your and our standards, our kits are made from the highest quality furniture grade oak hardwood and eastern white pine that have been kiln dried to reduce moisture content and maximize stability. TRUCKS USA bed wood kits are CAD designed and CNC machined to ensure that you get a perfect fit. TRUCKS USA bed wood is pre-sanded and all edges are rounded to prevent splintering. This will save you many hours of prep time, and the wood is ready to finish when you receive it.

Drilled bed wood in the factory mounting pattern is available for most trucks. Undrilled bed wood is available upon request.

Custom kits are available to fit your special projects, call or email with your measurements.

Do you have a late model truck or SUV and want that classic wood floor look. We have drop in bed wood kits available for trucks up to current models domestic or import.

Over 30 exotic woods are available for that special project. Inventory availability varies. Call for current pricing.

### DON'T FORGET TO ASK ABOUT BED STRIPS AND BOLT KITS TO COMPLETE YOUR TRUCK PROJECT.
